

CUSTOM OUTDOOR LIVING KIT ORDER FORM

It's simple... all you need is a tape measure and a little imagination. Measure your patio or the area of the patio that will be designated for the custom kit. Each square equals a one sq. ft. (12' x 12') area. The diagram will allow you to layout your custom outdoor living kit configuration on an area up to 20' x 20'.

Grid is to scale: 1 Square = 1 Foot

Total Grid Represents: 20' x 20'

HOW TO ORDER

Step 1.
Complete the diagram.

Be sure to include the following information on your Custom Kit so we can process your request quickly & accurately:

- Length and Width of proposed kit
- If the custom kit has granite please provide the following:
 - Exact Dimensions
 - Hangover length of granite
 - Specify cut out requests and exactly where cut out placement should be (Grill, Sink, Bar, Sideburner, etc).
 - Specify where you want a polished edge

Step 2.
Submit your layout to any Authorized Cambridge Distributor who will order your Customer Order Kit.

Step 3.
Distributor will fax copy to Cambridge.
