Choosing A Color...

WHAT ARE CAMBRIDGE BLENDS?

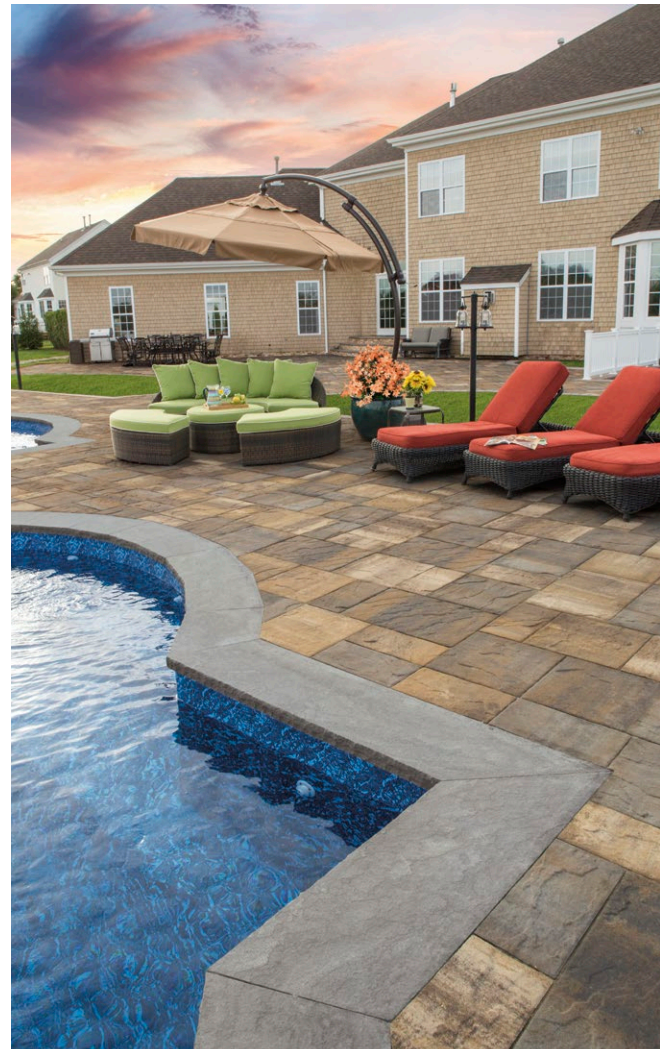

Cambridge makes available one of the most comprehensive selections of solid and blended colors in the market. The blended colors shown are combinations of two or three solid colors selected by the Cambridge color lab. They are mixed in unequal amounts for an outcome that is truly unique to each pavingstone, and as a result, to every installation as well. Since this is a random process, Cambridge Blends are different in every cube of pavers. Therefore, one color may predominate the other. Cambridge Pavingstones are made from natural, environmentally-friendly material, therefore, variations in color may occur.

ACHIEVING THE BEST COLOR DISPERSION

When spreading Cambridge Pavingstones, solid or blended colors over a wide area, remove units by the band, from top to bottom and use multiple cubes of pavers to achieve optimum results.

MAKING AN ACCURATE SELECTION

Final selections should be made from samples obtained from an Authorized Cambridge Distributor or professional pavingstones and wallstones contractor.

Need inspiration for your next outdoor project? Follow us on social media!

Refer to the chart to determine the colors available in any selected Cambridge Pavingstones shape

NEED A PROFESSIONAL INSTALLER? LET US HELP!

You are about to make an important investment in your home, so invest the time it takes to find the right person for the job.

Visit us @ Cambridgepavers.com and click on the Homeowner Tab.

After filling out the form, one of our sales specialists will provide your information to professional installers in your area. Please make sure you do your homework. These professional installers are not employees of Cambridge. Please complete the following steps:

- Please view ICPI's Consumer Guide brochure - a great resource guide to interlocking concrete pavers, which offers a contractor comparison checklist
- Also go to our links located in our homeowner guide section "Knowing the Contractor" and "Knowing when the Installation is Being Done Right"
- Be sure the contractor visits your home before providing the proposal
- Ask for references and visit past projects the contractor has completed

Please allow 3 business days for a professional installer to contact you.

100% NATURAL & SUSTAINABLE

It's easy to "go green" with Cambridge at your side. Our interlocking concrete pavement systems with ArmorTec® and Wall Systems are earth-friendly, totally sustainable, recyclable and provide many environmental, social and economic benefits immediately and over their entire life cycles.

Unlike many of today's consumer products, environmental concerns are an integral part of the Cambridge brand. You won't have to take a hike in the mountains to be in harmony with nature — just step outside your home where you will have created your own maintenance-free "green scene". Turn to a professional contractor who can present viable, solutions-based options specific to your property.
